States and Territories not represented in the above list.

IX

RULES GOVERNING THE FOURTH INTERNATIONAL CONGRESS ON SCHOOL HYGIENE

1. The Fourth International Congress on School Hygiene will take place in Buffalo, New York, U. S. A., August 25-30, inclusive, 1913. Its object shall be the study of all questions relating to school hygiene.

2. Its officials and governing committee shall be: a President, two Vice-Presidents, a Treasurer-General, a Secretary-General, and an Executive Committee who shall have authority over the entire Congress.

3. The Congress will include: honorary officials, ordinary members and associate members.

4. The honorary officials shall be elected by the Executive Committee. All persons interested in school hygiene may join as ordinary members of the Congress. Applications for membership should be accompanied by a postal order, made out to the Treasurer, for the sum of \$5.00 in the United States, 25 francs in the Latin Union, 20 marks in Germany, 1 pound sterling in England, and for other countries a sum representing the full equivalent of \$5.00.

5. A collective subscription will be allowed for general or municipal bodies, educational institutions or societies and associations. This collective subscription shall give the right of the body represented to send a single delegate who will enjoy all the rights and privileges of an ordinary member.

6. Associate members shall be admitted at half rate (\$2.50), with title of associate. The wives and children of ordinary members shall be eligible to associate membership. Associate members shall be entitled to all privileges of regular members, but they may receive no publications nor vote at meetings.

7. Special membership.—In view of the financial and other obligations assumed by the School Hygiene Association in the country where the International Congress is held, the Committee concerned with the organization of the Fourth International Congress on School Hygiene has ruled that members of the American School Hygiene Association shall be entitled to full regular membership in this congress with all its rights and privileges at a fee of \$2.50.

8. Regulations governing reports, communications and language employed shall be decided on by the Program Committee.

9. The Congress shall be conducted through general opening and closing meetings, plenary sittings and section meetings.

10. At the closing meeting the President shall submit to the vote of the meeting the resolutions presented by the Committee on Resolutions. The place and date of the next Congress shall be settled at the closing meeting on the proposition of the Permanent International Committee.

11. The sectional meetings shall be reserved for the discussion of reports to the sections.

12. The number, names, organization and government of the sections shall be determined by the Program Committee.

13. The Permanent International Committee of the Congress will hold one or more meetings during the Fourth Congress. All resolutions adopted by the various sections and all proposals relative to its action and to the organization of future international congresses must be submitted to the general closing meeting.

14. The regulations governing the Scientific Exhibit will be determined by the Committee on Scientific Exhibit.

15. The regulations concerning the Commercial Exhibit will be determined by the Committee on Commercial Exhibit.

16. All rules formulated by the various committees must be ratified by the Executive Committee before they become operative.

X

DELEGATES

Delegates will be appointed as follows:

1. Through the operation of Public Resolution No. 53:

“Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the President of the United States is hereby requested to direct the Secretary of State to issue invitations to foreign governments to participate in the Fourth International Congress on School Hygiene, to be held in Buffalo, New York, August 25-30, nineteen hundred and thirteen.”

2. Through invitations to the various state, territorial and municipal authorities, and to various educational, scientific, medical, and hygienic institutions and organizations.

This is a preliminary bulletin. Other and more complete editions will be published from time to time.

THOMAS A. STOREY,
Secretary-General.
